OF JUNE 30, 1906, AND OF MARCH 4, 1909

PART 3
MUSICAL COMPOSITIONS

INCLUDING
LIST OF COPYRIGHT RENEWALS

1934
NEW SERIES, VOLUME 29
No. 7

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

EXPLANATIONS TO BE NOTED BY USERS OF THIS CATALOG

THE Catalog of Copyright Entries is published in four parts. Part 3, containing the entries for musical compositions and dramatico-musical compositions, is issued at monthly intervals in twelve numbers each year, and is followed by a complete index for the year. The general arrangement is an alphabet of the titles of the musical works with certain exceptions explained hereafter. The arrangement is alphabetical under the first word of the title (except "a," "an," or "the," or the corresponding foreign articles), and a grouping at the end of the title alphabet of such titles as will not conveniently alphabetize (e. g., titles beginning with numerals, dates, etc.).

EXCEPTIONS.—(1) In the case of editions of classical music, instead of distributing them under the titles, each author's works are brought together by an entry under the original composer's name, and for such works search should be made in this number under the following names: Bach (Johann Sebastian); Balfe (Michael William); Beethoven (Ludwig van); Chopin (Frédéric François); Delibes (Clément Philibert Léo); Godard (Benjamin Louis Paul); Grieg (Edvard Hagerup); Händel (Georg Friedrich); Lalo (Éduard Victor Antoine); Liszt (Franz); Mascagni (Pietro); Massenet (Jules Émile Frédéric); Mendelssohn-Bartholdy (Jacob Ludwig Felix); Moszkowski (Moritz); Mozart (Wolfgang Amadeus); Offenbach (Jacques); Raff (Joseph Joachim); Saint-Saëns (Charles Camille); Schubert (Franz Peter); Schumann (Robert Alexander); Strauss (Richard); Thomas (Charles Louis Ambroise); Tschaikowsky (Peter Iljitch); Verdi (Giuseppe).

(2) COLLECTIONS having general titles, such as "Fünf studien," "12 études élémentaires," etc., and pieces published without individual identifying titles, but designating the class of musical work (e. g., "waltz," "dance," "march," "allegro," "praeludium," "nocturne," "impromptu," "sonata," "étude," "study," "fantasia," etc., without differentiating words and only identifiable by the name of the composer) are entered under the composer's name without cross reference from the titles, and search should only be made under the names of the composers.

EXPLANATIONS TO BE NOTED BY USERS OF THIS CATALOG

Piano music is understood to be for two hands unless otherwise stated. Titles reading "w" and "m" (signifying "words by", "music by") are to be understood as songs. Songs are understood to be with piano accompaniment unless otherwise stated.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "E", Class E, Musical compositions; "D", Class D, Dramatico-musical compositions; "A", Class A, Books containing music; "©" implies copyright registration of a published composition, followed by date of publication; "© 1 c." stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of copyright renewals made for musical compositions under section 24 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The final number, completing the volume, is followed by a full annual index to both composers and proprietors. The subscription price for Part 3, which must be for the complete calendar year, is \$3, payable in advance, to the Superintendent of Documents, Washington, D.C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

OF JUNE 30, 1906, AND OF MARCH 4, 1909

PART 3
MUSICAL COMPOSITIONS

INCLUDING
LIST OF COPYRIGHT RENEWALS

1934
NEW SERIES, VOLUME 29
No. 8

UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON : 1934

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

EXPLANATIONS TO BE NOTED BY USERS OF THIS CATALOG

THE Catalog of Copyright Entries is published in four parts. Part 3, containing the entries for musical compositions and dramatico-musical compositions, is issued at monthly intervals in twelve numbers each year, and is followed by a complete index for the year. The general arrangement is an alphabet of the titles of the musical works with certain exceptions explained hereafter. The arrangement is alphabetical under the first word of the title (except "a", "an", or "the", or the corresponding foreign articles), and a grouping at the end of the title alphabet of such titles as will not conveniently alphabetize (e. g., titles beginning with numerals, dates, etc.).

EXCEPTIONS.—(1) In the case of editions of classical music, instead of distributing them under the titles, each author's works are brought together by an entry under the original composer's name, and for such works search should be made in this number under the following names: Bach (Johann Sebastian); Beethoven (Ludwig van); Brahms (Johannes); Delibes (Clément Philibert Léo); Greig (Edvard Hagerup); Händel (Georg Freidrich); Haydn (Franz Josef); Mascagni (Pietro); Massenet (Jules Émile Frédéric); Mendelssohn-Bartholdy (Jacob Ludwig Felix); Mozart (Wolfgang Amadeus); Paganini (Niccolo); Puccini (Giacomo); Saint-Saëns (Charles Camille); Schubert (Franz Peter); Schumann (Robert Alexander); Tschaikowsky (Peter Iljitch); Wagner (Richard).

(2) **COLLECTIONS** having general titles, such as "Fünf studien", "12 études élémentaires", etc., and pieces published without individual identifying titles, but designating the class of musical work (e. g., "waltz", "dance", "march", "allegro", "praeludium", "nocturne", "impromptu", "sonata", "étude", "study", "fantasia", etc., without differentiating words and only identifiable by the name of the composer) are entered under the composer's name without cross reference from the titles, and search should only be made under the names of the composers.

EXPLANATIONS TO BE NOTED BY USERS OF THIS CATALOG

Piano music is understood to be for two hands unless otherwise stated. Titles reading "w" and "m" (signifying "words by", "music by") are to be understood as songs. Songs are understood to be with piano accompaniment unless otherwise stated.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "E", Class E, Musical compositions; "D", Class D, Dramatico-musical compositions; "A", Class A, Books containing music; "©" implies copyright registration of a published composition, followed by date of publication; "© 1 c." stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of copyright renewals made for musical compositions under section 24 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The final number, completing the volume, is followed by a full annual index to both composers and proprietors. The subscription price for Part 3, which must be for the complete calendar year, is \$3, payable in advance, to the Superintendent of Documents, Washington, D.C., by postal money order, express order or New York draft.

Under the provisions of the act of Congress approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

A PROCLAMATION

WHEREAS it is provided by the act of Congress approved March 4, 1909 (ch. 320, 35 Stat. 1075-1088), entitled "An Act to amend and consolidate the Acts respecting copyright", that the copyright secured by the act, except the benefits under section 1(e) thereof as to which special conditions are imposed, shall extend to the work of an author or proprietor who is a citizen or subject of a foreign state or nation, only upon certain conditions set forth in section 8 of the act, to wit:

"(a) When an alien author or proprietor shall be domiciled within the United States at the time of the first publication of his work; or

"(b) When the foreign state or nation of which such author or proprietor is a citizen or subject grants, either by treaty, convention, agreement, or law, to citizens of the United States the benefit of copyright on substantially the same basis as to its own citizens, or copyright protection substantially equal to the protection secured to such foreign author under this Act or by treaty; or when such foreign state or nation is a party to an international agreement which provides for reciprocity in the granting of copyright, by the terms of which agreement the United States may, at its pleasure, become a party thereto"; and

WHEREAS it is provided by section 1(e) that the provisions of the act "so far as they secure copyright controlling the parts of instruments serving to reproduce mechanically the musical work, shall include only compositions published and copyrighted after this Act goes into effect, and shall not include the works of a foreign author or composer unless the foreign state or nation of which such author or composer is a citizen or subject grants, either by treaty, convention, agreement, or law, to citizens of the United States similar rights"; and

WHEREAS the President is authorized by section 8 to determine by proclamation made from time to time the existence of the reciprocal conditions aforesaid, as the purposes of the act may require; and

WHEREAS satisfactory official assurances have been received that on and after August 23, 1934, citizens of the United States will be entitled to obtain copyright for their works in Argentina which is substantially equal to the protection afforded by the copyright laws of the United States, including rights similar to those provided by section 1(e);

NOW, THEREFORE, I, FRANKLIN D. ROOSEVELT, President of the United States of America, do declare and proclaim:

That on and after August 23, 1934, the conditions specified in section 8(b) and 1(e) of the act of March 4, 1909, will exist and be fulfilled in respect of the citizens of the Argentine Republic and that on and after August 23, 1934, citizens of the Argentine Republic shall be entitled to all the benefits of this act and acts amendatory thereof:

Provided, That the enjoyment by any work of the rights and benefits conferred by the act of March 4, 1909, and the acts amendatory thereof, shall be conditional upon compliance with the requirements and formalities prescribed with respect to such works by the copyright laws of the United States;

And provided further, That the provisions of section 1(e) of the act of March 4, 1909, insofar as they secure copyright controlling parts of instruments serving to reproduce mechanically musical works shall apply only to compositions published after July 1, 1909, and registered for copyright in the United States which have not been reproduced within the United States prior to August 23, 1934, on any contrivance by means of which the work may be mechanically performed.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington this 23d day of August, in the year of our Lord nineteen hundred and thirty-four, and of the Independence of the United States of America the

[SEAL] one hundred and fifty-ninth.

FRANKLIN D. ROOSEVELT.

PUBLISHED BY AUTHORITY OF THE ACTS OF CONGRESS OF MARCH 3, 1891,
OF JUNE 30, 1906, AND OF MARCH 4, 1909

PART 3

MUSICAL COMPOSITIONS

INCLUDING

LIST OF COPYRIGHT RENEWALS

1934

NEW SERIES, VOLUME 29

No. 9

UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON : 1934

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

EXPLANATIONS TO BE NOTED BY USERS OF THIS CATALOG

THE Catalog of Copyright Entries is published in four parts. Part 3, containing the entries for musical compositions and dramatico-musical compositions, is issued at monthly intervals in twelve numbers each year, and is followed by a complete index for the year. The general arrangement is an alphabet of the titles of the musical works with certain exceptions explained hereafter. The arrangement is alphabetical under the first word of the title (except "a," "an," or "the," or the corresponding foreign articles), and a grouping at the end of the title alphabet of such titles as will not conveniently alphabetize (e. g., titles beginning with numerals, dates, etc.).

EXCEPTIONS.—(1) In the case of editions of classical music, instead of distributing them under the titles, each author's works are brought together by an entry under the original composer's name, and for such works search should be made in this number under the following names: Bach (Johann Sebastian); Balfe (Michael William); Bizet (Georges); Brahms (Johannes); Chaminade (Cécile Louise Stéphanie); Godard (Benjamin Louis Paul); Händel (Georg Friedrich); Haydn (Franz Josef); MacDowell (Edward Alexander); Massenet (Jules Émile Frédéric); Mendelssohn-Bartholdy (Jacob Ludwig Felix); Schubert (Franz Peter); Schumann (Robert Alexander); Wagner (Richard).

(2) **COLLECTIONS** having general titles, such as "Fünf studien," "12 études élémentaires," etc., and pieces published without individual identifying titles, but designating the class of musical work (e. g., "waltz," "dance," "march," "allegro," "præludium," "nocturne," "impromptu," "sonata," "étude," "study," "fantasia," etc., without differentiating words and only identifiable by the name of the composer) are entered under the composer's name without cross reference from the titles, and search should only be made under the names of the composers.

EXPLANATIONS TO BE NOTED BY USERS OF THIS CATALOG

Piano music is understood to be for two hands unless otherwise stated. Titles reading "w" and "m" (signifying "words by", "music by") are to be understood as songs. Songs are understood to be with piano accompaniment unless otherwise stated.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "E", Class E, Musical compositions; "D", Class D, Dramatico-musical compositions; "A", Class A, Books containing music; "©" implies copyright registration of a published composition, followed by date of publication; "© 1 c." stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of copyright renewals made for musical compositions under section 24 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The final number, completing the volume, is followed by a full annual index to both composers and proprietors. The subscription price for Part 3, which must be for the complete calendar year, is \$3, payable in advance, to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

MUSICAL COMPOSITIONS

INCLUDING

LIST OF COPYRIGHT RENEWALS

1934

NEW SERIES, VOLUME 29

No. 10

UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON: 1934

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

EXPLANATIONS TO BE NOTED BY USERS OF THIS CATALOG

THE Catalog of Copyright Entries is published in four parts. Part 3, containing the entries for musical compositions and dramatico-musical compositions, is issued at monthly intervals in twelve numbers each year, and is followed by a complete index for the year. The general arrangement is an alphabet of the titles of the musical works with certain exceptions explained hereafter. The arrangement is alphabetical under the first word of the title (except "a," "an," or "the," or the corresponding foreign articles), and a grouping at the end of the title alphabet of such titles as will not conveniently alphabetize (e. g., titles beginning with numerals, dates, etc.).

EXCEPTIONS.—(1) In the case of editions of classical music, instead of distributing them under the titles, each author's works are brought together by an entry under the original composer's name, and for such works search should be made in this number under the following names: Bach (Johann Sebastian); Beethoven (Ludwig van); Brahms (Johannes); Chopin (Frédéric François); Delibes (Clément Philibert Léo); Gluck (Christoph Wilibald von); Godard (Benjamin Louis Paul); Gounod (Charles François); Händel (Georg Friedrich); Liszt (Franz); MacDowell (Edward Alexander); Mascagni (Pietro); Massenet (Jules Émile Frédéric); Mendelssohn-Bartholdy (Jacob Ludwig Felix); Moszkowski (Moritz); Mozart (Wolfgang Amadeus); Rossini (Gioacchino Antonio); Saint-Saëns (Charles Camille); Schubert (Franz Peter); Schumann (Robert Alexander); Strauss (Richard); Tchaikowsky (Peter Iljitch); Wagner (Richard).

(2) **COLLECTIONS** having general titles, such as "Fünf studien", "12 études élémentaires", etc., and pieces published without individual identifying titles, but designating the class of musical work (e. g., "waltz", "dance", "march", "allegro", "praeludium", "nocturne", "impromptu", "sonata", "étude", "study", fantasia", etc., without differentiating words and only identifiable by the name of the composer) are entered under the composer's name without cross reference from the titles, and search should only be made under the names of the composers.

EXPLANATIONS TO BE NOTED BY USERS OF THIS CATALOG

Piano music is understood to be for two hands unless otherwise stated. Titles reading "w" and "m" (signifying "words by", "music by") are to be understood as songs. Songs are understood to be with piano accompaniment unless otherwise stated.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "E", Class E, Musical compositions; "D", Class D, Dramatico-musical compositions; "A", Class A, Books containing music; "©" implies copyright registration of a published composition, followed by date of publication; "© 1 c." stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of copyright renewals made for musical compositions under section 24 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The final number, completing the volume, is followed by a full annual index to both composers and proprietors. The subscription price for Part 3, which must be for the complete calendar year, is \$3, payable in advance, to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

COPYRIGHT—SPAIN

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS section 8 of the act of Congress entitled “An Act to amend and consolidate the Acts respecting copyright”, approved March 4, 1909 (ch. 320, 35 Stat. 1075), provides that the copyright secured by the act, except as to the benefits of section 1 (e) thereof as to which special conditions are imposed, shall extend to the work of an author or proprietor who is a citizen or subject of a foreign state or nation, only:

“(a) When an alien author or proprietor shall be domiciled within the United States at the time of the first publication of his work; or

“(b) When the foreign state or nation of which such author or proprietor is a citizen or subject grants, either by treaty, convention, agreement, or law, to citizens of the United States the benefit of copyright on substantially the same basis as to its own citizens, or copyright protection substantially equal to the protection secured to such foreign author under this Act or by treaty; or when such foreign state or nation is a party to an international agreement which provides for reciprocity in the granting of copyright, by the terms of which agreement the United States may, at its pleasure, become a party thereto”; and

WHEREAS it is provided by section 1 (e) of the act that the provisions thereof “so far as they secure copyright controlling the parts of instruments serving to reproduce mechanically the musical work, shall include only compositions published and copyrighted after this Act goes into effect, and shall not include the works of a foreign author or composer unless the foreign state or nation of which such author or composer is a citizen or subject grants, either by treaty, convention, agreement, or law, to citizens of the United States similar rights”; and

WHEREAS the President is authorized by the aforesaid section 8 to determine by proclamation made from time to time the existence of the reciprocal conditions aforesaid, as the purposes of the act may require; and

WHEREAS the President by proclamation dated April 9, 1910, did determine and declare that one of the alternative conditions specified in the aforesaid section 8 was then, and since July 1, 1909, had been, fulfilled in respect to the subjects of Spain and that the subjects of Spain were, and since July 1, 1909, had been, entitled to all the benefits of the aforesaid act other than the benefits of section 1 (e) thereof; and

WHEREAS satisfactory official assurance has been given that in Spain the law now grants to citizens of the United States rights similar to those accorded by the aforesaid section 1 (e) of the act of March 4, 1909:

NOW, THEREFORE, I, FRANKLIN D. ROOSEVELT, President of the United States of America, do hereby declare and proclaim that on and after October 10, 1934, the conditions specified in sections 8 (b) and 1 (e) of the aforesaid act of March 4, 1909, will exist and be fulfilled in respect to nationals of Spain, and that on and after October 10, 1934, nationals of Spain shall be entitled to all the benefits of that act and acts amendatory thereof:

Provided, That the enjoyment by any work of the rights and benefits conferred by the act of March 4, 1909, and acts amendatory thereof, shall be conditional upon compliance with the requirements and formalities prescribed with respect to such works by the copyright laws of the United States;

MUSICAL COMPOSITIONS

INCLUDING

LIST OF COPYRIGHT RENEWALS

1934

NEW SERIES, VOLUME 29

No. 11

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

EXPLANATIONS TO BE NOTED BY USERS OF THIS CATALOG

THE Catalog of Copyright Entries is published in four parts. Part 3, containing the entries for musical compositions and dramatico-musical compositions, is issued at monthly intervals in twelve numbers each year, and is followed by a complete index for the year. The general arrangement is an alphabet of the titles of the musical works with certain exceptions explained hereafter. The arrangement is alphabetical under the first word of the title (except "a," "an," or "the," or the corresponding foreign articles), and a grouping at the end of the title alphabet of such titles as will not conveniently alphabetize (e. g., titles beginning with numerals, dates, etc.).

EXCEPTIONS.—(1) In the case of editions of classical music, instead of distributing them under the titles, each author's works are brought together by an entry under the original composer's name, and for such works search should be made in this number under the following names: Bach (Johann Sebastian); Beethoven (Ludwig van); Brahms (Johannes); Donizetti (Gaetano); Flotow (Friedrich von); Godard (Benjamin Louis Paul); Gounod (Charles François); Grieg (Edvard Hagerup); Händel (Georg Friedrich); Liszt (Franz); MacDowell (Edward Alexander); Massenet (Jules Émile Frédéric); Mendelssohn-Bartholdy (Jacob Ludwig Felix); Mozart (Wolfgang Amadeus); Puccini (Giacomo); Saint-Saëns (Charles Camille); Schubert (Franz Peter); Schumann (Robert Alexander); Verdi (Giuseppe).

(2) **COLLECTIONS** having general titles, such as "Fünf studien," "12 études élémentaires," etc., and pieces published without individual identifying titles, but designating the class of musical work (e. g., "waltz," "dance," "march," "allegro," "praeludium," "nocturne," "impromptu," "sonata," "étude," "study," "fantasia," etc., without differentiating words and only identifiable by the name of the composer) are entered under the composer's name without cross reference from the titles, and search should only be made under the names of the composers.

EXPLANATIONS TO BE NOTED BY USERS OF THIS CATALOG

Piano music is understood to be for two hands unless otherwise stated. Titles reading "w" and "m" (signifying "words by", "music by") are to be understood as songs. Songs are understood to be with piano accompaniment unless otherwise stated.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "E", Class E, Musical compositions; "D", Class D, Dramatico-musical compositions; "A", Class A, Books containing music; "©" implies copyright registration of a published composition, followed by date of publication; "© 1 c." stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of copyright renewals made for musical compositions under section 24 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The final number, completing the volume, is followed by a full annual index to both composers and proprietors. The subscription price for Part 3, which must be for the complete calendar year, is \$3, payable in advance, to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

PART 3
MUSICAL COMPOSITIONS

INCLUDING
LIST OF COPYRIGHT RENEWALS

1934
NEW SERIES, VOLUME 29
No. 12

UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON : 1935

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

EXPLANATIONS TO BE NOTED BY USERS OF THIS CATALOG

THE Catalog of Copyright Entries is published in four parts. Part 3, containing the entries for musical compositions and dramatico-musical compositions, is issued at monthly intervals in twelve numbers each year, and is followed by a complete index for the year. The general arrangement is an alphabet of the titles of the musical works with certain exceptions explained hereafter. The arrangement is alphabetical under the first word of the title (except "a", "an", or "the", or the corresponding foreign articles), and a grouping at the end of the title alphabet of such titles as will not conveniently alphabetize (e. g., titles beginning with numerals, dates, etc.).

EXCEPTIONS.—(1) In the case of editions of classical music, instead of distributing them under the titles, each author's works are brought together by an entry under the original composer's name, and for such works search should be made in this number under the following names: Bach (Johann Sebastian); Beethoven (Ludwig van); Bizet (Georges); Brahms (Johannes); Chopin (Frédéric François); Donizetti (Gaetano); Gluck (Christoph Wilibald von); Gounod (Charles François); Grieg (Edvard Hagerup); Händel (Georg Friedrich); Haydn (Franz Josef); Liszt (Franz); Massenet (Jules Émile Frédéric); Mendelssohn-Bartholdy (Jacob Ludwig Felix); Mozart (Wolfgang Amadeus); Offenbach (Jacques); Saint-Saëns (Charles Camille); Scharwenka (Franz Xaver); Schubert (Franz Peter); Schumann (Robert Alexander); Strauss (Richard); Thomas (Charles Louis Ambroise); Tchaikowsky (Peter Iljitch); Verdi (Giuseppe); Wagner (Richard).

(2) **COLLECTIONS** having general titles, such as "Fünf studien", "12 études élémentaires", etc., and pieces published without individual identifying titles, but designating the class of musical work (e. g., "waltz", "dance", "march", "allegro", "praeludium", "nocturne", "impromptu", "sonata", "étude", "study", "fantasia", etc., without differentiating words and only identifiable by the name of the composer) are entered under the composer's name without cross reference from the titles, and search should only be made under the names of the composers.

EXPLANATIONS TO BE NOTED BY USERS OF THIS CATALOG

Piano music is understood to be for two hands unless otherwise stated. Titles reading "w" and "m" (signifying "words by", "music by") are to be understood as songs. Songs are understood to be with piano accompaniment unless otherwise stated.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "E", Class E, Musical compositions; "D", Class D, Dramatico-musical compositions; "A", Class A, Books containing music; "©" implies copyright registration of a published composition, followed by date of publication; "© 1 c." stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of copyright renewals made for musical compositions under section 24 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The final number, completing the volume, is followed by a full annual index to both composers and proprietors. The subscription price for Part 3, which must be for the complete calendar year, is \$3, payable in advance, to the Superintendent of Documents, Washington, D.C., by postal money order, express order or New York draft.

Under the provisions of the act of Congress approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

The copyright convention signed at the Fourth International American Conference at Buenos Aires on August 11, 1910, was proclaimed by the President of the United States on July 13, 1914. This convention is understood to be in effect as between the United States and Bolivia, Brazil, Costa Rica, Dominican Republic, Ecuador, Guatemala, Haiti, Honduras, Nicaragua, Panama, Paraguay, Peru, and Uruguay.

The first part of the paper discusses the importance of the study of the history of the United States. It is pointed out that the study of history is not only a means of understanding the past, but also a means of understanding the present and the future. The author argues that the study of history is essential for the development of a nation and for the well-being of its people.

The second part of the paper discusses the role of the government in the development of the United States. It is pointed out that the government has played a crucial role in the development of the country, and that its actions have shaped the course of history. The author argues that the government should continue to play a role in the development of the country, and that its actions should be guided by the principles of justice and fairness.

The third part of the paper discusses the role of the individual in the development of the United States. It is pointed out that the actions of individuals have shaped the course of history, and that the individual has a responsibility to contribute to the development of the country. The author argues that the individual should be encouraged to exercise their rights and responsibilities, and that their actions should be guided by the principles of justice and fairness.

The fourth part of the paper discusses the role of the future in the development of the United States. It is pointed out that the future is uncertain, and that the actions of the present will shape the future. The author argues that the future should be planned, and that the actions of the present should be guided by the principles of justice and fairness.
